

BEYOND™

Light Box

Create a bold, illuminated statement with our Freestanding Double-Sided Lightbox Displays, designed for high-impact visibility in any setting. Featuring a sleek aluminum frame, built-in LED backlighting, and vibrant SEG fabric graphics on both sides, these displays are perfect for trade shows, retail spaces, exhibitions, and promotional events. Whether you're looking for a complete setup or just refreshing your visuals, we offer four convenient formats to fit your needs.

Choose the Graphic Package for a full solution that includes the lightbox frame, integrated lighting, and custom-printed double-sided graphics — ready to assemble in minutes without tools. Already have the frame? Select the Graphic Only option to receive custom SEG fabric prints that fit standard lightbox frames, ideal for seasonal updates or rebranding. Need multiple units? The 3 Light Box Graphic Package gives you three complete displays — perfect for larger booths, multi-location use, or creating a high-visibility branded environment. Or opt for the 3 Light Box Graphic Only set, providing custom-printed graphics for three displays, so you can refresh multiple setups at once without replacing hardware.

Each option is lightweight, reusable, and easy to transport, making it a versatile solution for both short-term events and long-term brand installations. Simply upload your artwork, and we'll print high-quality, custom graphics to help your message shine. Whether you're showcasing at an expo or elevating your storefront, this display system helps you stand out and boost brand visibility with ease.

Light Box

Product Features

- 4 format options: Full Set or Graphics Only (Single or 3-Pack)
- 3.3ft x 7.87ft display size (approx.)
- Double-sided LED backlit display
- Slim, magnetic aluminum frame
- Bright, even, energy-efficient lighting
- Tool-free assembly & graphic changes
- Custom-printed SEG fabric graphics
- Lightweight, portable, and reusable

Includes

- 1x Box Case (Optional)
- 1x Bottom Frame Piece (Frame Thickness: 80mm)
- 1x Side Frame Piece (Frame Thickness: 80mm)
- 1x Top Frame Piece (Frame Thickness: 80mm)
- 1x Transformer Cord
- 1x Transformer Power Cord
- 1x Support Pole
- 2x LED Edge-Lit Panels
- 1x Custom Printed Graphics (Double-Sided)
- 1x Built-in 120W Adapter
- 1x Black Oxford Carry Bag for easy transport and storage

How To Use

- Assemble the lightweight magnetic frame using the included components. No tools are required, making setup fast and effortless.
- Insert your custom-printed SEG fabric graphics, connect the LED panels, and power up. The unit can be used as a single- or double-sided display depending on your preference.

How It Works

- Unpack all components from the box.
- Assemble the frame using the magnetic connectors.
- Attach the fabric graphics to the frame edges - your display is ready in seconds.
- Power on the LED lights using the built-in 120W adapter for bright, even illumination.
